

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

MAY 20, 2008

**AMENDMENT TO ITEM 62-A**

In 2000, California voters approved State Measure 22 which defined marriage as only being between a man and a woman to be valid or recognized in the State of California. Another similar initiative seeking an amendment of the State Constitution, entitled the "California Marriage Protection Act", has garnered over 250,000 signatures on petitions in this County alone and is expected to qualify for the November ballot.

I, THEREFORE, MOVE that the Board of Supervisors direct County Counsel and the Registrar-Recorder/County Clerk to include in their report back to the Board the impact the passage of the November ballot measure, California Marriage Protection Act, will have on the County's implementation plan as well as on any same-sex marriage licenses granted between now and November.
